El Paso Independent School District
Strategic Action Plan for Technology in
Education

Revised 2000-2001

El Paso
Independent

About this Plan

This document is an update of the Strategic Action Plan for Technology in Education developed and submitted to the State in 1997.

Many of the recommendations in the earlier document have been identified, implemented or are in the process of being implemented, but new technologies have also meant that slight changes in direction when compared to the original plan were inevitable.

The plan follows the format outlined by the Commissioner of Education for the State of Texas in the Instructions for Technology Plan Approval Process for Universal Service Fund E-Rate Discounts. The content follows many of the suggestions published in the State of Texas Long-Range Plan for Technology, 1996-2010.

The El Paso ISD technology plan is intended to be a living, working document. It will be reviewed annually by the District Technology Advisory Committee (TAC) and by the Board of Trustees standing technology committee and updated as needed.

El Paso ISD's Vision Statement

To participate in the fast-changing global community, EPISD will give students, educators, and stakeholder's access to information, which allows for the effective integration of technology into the learning process.

We envision a community, which promotes the transition of information into knowledge and the development of questioning learners.
